

*A series of Zoom courses designed to create community and conversation around spiritual life, encouraging older adults to learn, grow and share together.*

## **Making God REAL in Your Life**

This course is a unique opportunity to discover God as a constant companion in your life who is accessible 24/7. Don't think you've ever had a God Experience? So did many of the more than 2,000 people interviewed by Dr. McKay and her research team. They uncovered stories that revealed a God who was present, available and life changing. The results of these God Experiences were permanent as well as powerful. Come and discover God's very real presence in YOUR Life. In these six 1-hour "no homework/no judgment sessions", participants will explore their experiences with God as well as ways to develop deeper connections with the Divine.
